Our Master Day strategy for the (post) Covid era

The most likely scenario is that we will return to on-site events in autumn of 2022 and 2023. However, in the past months we have successfully implemented hybrid events (with some schools physically and some digitally attending) and many pure online events. You can read on our [website](#) why they are “3,000 times better than other online events” according to feedback from our customers.

- ▶ **We are currently planning on-site events for October 2022, keeping in mind that** that our first priority is safety for everyone involved.
- ▶ However, should circumstances make it necessary, we will adapt our plans accordingly and continue with our successful online implementation. We will inform you in this case well in time before the start of the event preparation.

Conditions

- ▶ Participation fee: 2,800 Euro (excl. VAT) per event
Included services: up to 16 one-on-one interviews (online up to 20), entries in the online list of exhibitors, contact details of your interview candidates and stand visitors, feedback evaluation
- ▶ Optional: 20-minute presentation in a separate room for 500 Euro (excl. VAT) per event
